Comment. For location of the barracks installation in Dresden-Weindorf, see Map of Germany, scale 1:25,000, Sheet 4848. The 25X1 installation is located west of the Koenigswald-Weindorf road. Its east section is located in a triangle formed by the Koenigswald-Weindorf road, the southern perimeter of the Zu Weindorf suburb, south of Seifen-Bach (brook), and the branch line between Seiffts-Yeich and the road. The west section includes the buildings at the northeast corner of the airfield north of Klotasche, which were encircled in the north and east by the branch line. The two sections of the installations are occupied as previously. The personnel exchange and training center for MVD troops in the east section is reported for the first time. For
